

Data Sheet

POWERHEAT

Control electronic – Facts

| | |
|---------------------------------|---------------------------------------|
| Adjustable heating power range: | 0–50 W |
| Number of heating levels | up to 8 |
| Rechargeable batteries | LiPo |
| Supply voltage | 7.4 V |
| Battery lifetime | up to 8 h |
| Length x width x height | 122 x 73 x 22 mm ³ |
| Weight | 180 g |
| Battery discharge indicator | 8 levels (battery recharger included) |

Handling

- User-friendly one-button interface
- Optical feedback
- Adjustable even with gloves

Safety

- Low voltage
- Heating power monitoring/safety shutdown
- CE certified

Customization

- Cover design
- Labelling
- Granularity of heating levels
- Scheduling for automatic lowering of heating levels
